DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 and 3, 9-12, 25, 28-30, 33-35, and 37-44/1 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, line 6, the phrase "said user engageable non-resilient member" lacks positive antecedent basis. Appropriate correction is required.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 45 and 3/45 are rejected under 35 U.S.C. 102(b) as being anticipated by Brown (U.S. 2002/0055424). Please refer to paragraph 3 of the office action dated June 7, 2007.

Claim Rejections - 35 USC § 103

5. Claims 9-12, 25, 28-30, 33-35, and 37-44/45 are rejected under 35 U.S.C. 103(a) as being unpatentable over Brown in view of Noffsinger. Please refer to paragraphs 7-8 of the above cited office action.

Response to Arguments

6. Applicant's arguments filed 01/30/2008 have been fully considered but they are not persuasive. With respect to the rejection of claim 1, and claims dependant therefrom, arguments are moot in view of the new grounds of rejections. With respect to claim 45, Applicant has argued that Brown fails to teach a particular method, however Examiner notes that the claim is an *apparatus* claim, and therefore Applicant's arguments are rendered moot. With respect to rejections under 35 U.S.C. 103(a) Applicant's arguments amount to an attack on the references individually. Examiner respectfully disagrees with Applicant's assertion that the periods of absentation would not be arbitrary and/or a matter of obvious choice to one of ordinary skill. Applicant uses the terms 'a typical *example*'(emphasis added) which denounces any arguments drawn to criticality of the time period.
